I normally get Bryan to get our quotes for you, but this one is pretty simple.

I would like to get a quote on a BCAA product at 120, 240, and 501 capsules per bottle.

Per cap, I would like:

Leucine – 800 mg

Isoleucine – 100 mg

Valine – 100 mg

Not sure what pricing you can get on Leucine, but I can get 5.75 to 6.00 per kg and can provide you sources if need be.

Thanks,
Steve
